

MD MANIK BABU

Full Stack Web Developer

Dhaka, Bangladesh | +8801571501672 | manikbabu.dev@gmail.com

[Portfolio](#) | [Github](#) | [LinkedIn](#)

Career Objective

Full Stack Web Developer with strong skills in JavaScript, TypeScript, React.js, Next.js, Node.js, Express.js, and modern databases. Seeking an entry-level opportunity to apply strong problem-solving and logical thinking skills, contribute to scalable web applications, collaborate effectively with teams, and grow as a professional software engineer.

Technical Skills

Frontend: JavaScript, TypeScript, React.js, Next.js, HTML, CSS, Tailwind CSS, Redux, Shadcn UI

Backend: Node.js, Express.js, REST APIs, JWT (JSON Web Token), Better-Auth, GOLANG

Database: MySQL, PostgreSQL, MongoDB, Mongoose, Prisma ORM

Tools: Docker, Git & Github, Linux, VS Code, Postman, Vercel, Railway, Chrome DevTools

Soft-Skills: Problem solving, Teamwork, Fast learner, Learning agility, Adaptability

Projects

CampusOS – Full Stack University Management System

[Live](#) | [Frontend](#) | [Backend](#)

Built a full-featured University Management System with distinct roles. The platform streamlines admissions, course enrollment, results publishing, attendance tracking, fee payments via Stripe, and academic operations across departments and semesters.

Key Features:

- **Role-based academic workflow:** Supports end-to-end university operations for Super Admin, Admin, Faculty, and Student with controlled access and responsibilities.
- **Classroom system like Google Classroom:** Faculty can share resources, create assignments, and students can access materials and submit work within deadlines.
- **Integrated student life cycle management:** From admission application and approval to course enrollment, result viewing, attendance, and tuition fee payment, all in one system.

Tech Stack: React.js, Next.js, TypeScript, CSS, Tailwind CSS, Stripe, Node.js, Express.js, PostgreSQL, Prisma

MediStore – Full Stack E-commerce Platform

[Live](#) | [Frontend](#) | [Backend](#)

MediStore is a full-stack, multi-vendor online pharmacy platform that enables nationwide medicine sales through separate experiences for admins, sellers, and customers. It streamlines medicine discovery, inventory management, order processing, and platform moderation with a role-based architecture built for scale.

Key Features:

- **Multi-role marketplace architecture:** Dedicated flows for Admin, Seller, and Customer, enabling secure platform governance and role-based operations.
- **Seller-aware shopping and checkout:** Cart and checkout are designed for a multi-seller environment, allowing seamless order handling across different sellers.
- **Rich review and moderation system:** Customers can leave reviews, sellers can respond, and admins can manage content and user activity effectively.

Tech Stack: React.js, Next.js, TypeScript, CSS, Tailwind CSS, Redux, Node.js, Express.js, PostgreSQL, Prisma, Cloudinary, Better-Auth

Education

B.Sc in Computer Science and Engineering

2024 – 2028(Expected)

Uttara University, Dhaka

Certifications

Next Level Web Development | Programming Hero | Online: [Certificate](#)
